Dear [Redacted]

STAT

In response to your memorandum SECOM-D-228 of June 29, 1982, the following Personnel Security Subcommittee projected tasking items are considered by the Department of Justice Security Staff to be of a higher priority:

- Ongoing review of DCID 1/14
- Continuous updating of the SCI Adjudicators' Conference
- Follow-on evaluation and data analysis of the 1980 Investigative Standards Working Group Personnel Security Survey
- Examination of personal liability of security professionals, culminating in a seminar on pertinent legal principles
- Addressing the problem of personnel security investigators, who, normally, are not officers, obtaining local criminal information.

In addition to these items, I also consider the revision of E.O. 10450 to be a high priority issue. At this time, however, it would seem advisable to defer action on this item until a response is received from The White House concerning "The Willard Report," in which a revision of E.O. 10450 is discussed.

If you have any questions concerning this matter please contact me on 633-2094 or Mary Andriacchi on 633-3738.

Sincerely,

D. Jerry Rubino

Department of Justice SECOM Member
